**YOUNG
ADULTS**

faith at the
frontline

live

tell

share

Frontline Gathering

11th - 12th March 2023

Cliff College

Who's it for?

Any young adult (aged 18-30) who's interested in developing confidence in talking about their faith with others, whether that be in daily life or through a recognised ministry such as Local Preacher, Worship Leader, or group leader.

Whether you regularly talk about your faith, or you've not yet found your voice, this space is for you.

What's it about?

A space to explore what it means to live, tell and share faith in our vibrant diverse world. What does it mean to connect with others in talking about God? What can we say to others about the good news?

We'll explore faith together and share the ways in which we live out, tell and share our faith. We'll think about contemporary methods, tools and technology as we look to share the love of God in the world around us.
