Custom Stand	Prices available on request

* Contactless donation products can be sold at zero VAT rate under VAT Notice 701/58 to eligible charitable organisations. Note, monthly service fees are not eligible for zero VAT rating.

Additional Information

- To avoid queues, we recommend 1 DCP per 50 donors present with an accompanying stand.
- For internet access, the DCP v2 (WiFi & 4G) model can connect to both WiFi and 4G. For 4G use, a data SIM is required. Data SIMs need to be purchased directly from mobile networks, the monthly operating cost of a data SIM is approx £2.50 - £5 (inc VAT) per month. We can recommend good 4G coverage network options once an address is known.

Monthly Service

We charge a monthly service fee per DCP to cover all support (phone and email service), regular software updates and maintenance. There is no contract, you can pause/ stop at any time we just require a calendar month's notice.

Dona Monthly Service	Price (including VAT)
Per DCP	£15

Transaction Fees

A card processing fee per transaction applies on all payments, this charge comes from our payment processor SumUp.

Platform	SumUp Transaction Fee
Digital Collection Plates	1.69%
Online Donations	2.50%
