

Using some Godly Play materials and some items from our craft supplies, we reflected together on what had happened this week when mum went to hospital!

We talked about feelings; telling God how we felt and wondered what God was saying...

Mum would be looked after and come home soon.

Nurses are kind and will give mum medicine and hugs.

Love mum and help her get better.

We then made sand pictures to give to mum.

*We built a hospital with a car park.*

*First, dad took mum to hospital.*

*Dad wasn't allowed in.*

*Dad waved to mum from the car park.*

*Mum came home but went in to hospital again by ambulance. We went to see her but could only wave from the car park.*

*We all love her and wanted her to get better and come home soon.*

*All the family and animals at home missed her. We thought about her in the hospital. We prayed. Lots of people prayed. Finally she came home and we were happy. We made sand pictures for her.*
