

Climate justice for all is a way for everyone of all ages to protest about climate change. COP26 is a meeting about climate change with all the world leaders. The Methodist church wants to send a message to the world leaders about climate change.

On Saturday the 12<sup>th</sup> June I went to a Zoom meeting about climate change with other Green Agents of Change. The two topics/main questions were: What does climate justice look or feel like? What do you want to say to world leaders?

## What does climate justice look or feel like?

We all came up with a lot of ideas. We decided things like taxing fossil fuels and having more electric cars. We want to make this kind of thing happen. I feel delighted that my message to the world leaders will be part of a big church message.

# What do you want to say to world leaders?

Can YOU add your voice to the Methodist plea? There is ONE last Have Your Say session on Tuesday 13<sup>th</sup> July 2021. You can get free tickets at <https://www.eventbrite.co.uk/e/climate-justice-for-all-have-your-say-tickets-152826206297>

Be more climate friendly.
