Imagine the Church filled with a fresh outpouring of the Holy Spirit, and completely dependent on the sovereign work of God. Imagine the Church filled with people wholly focused on loving God, loving our neighbours and loving ourselves.

For their presidential year 2022/2023, President the Revd Graham Thompson and Vice-President Anthony Boateng long for us to be the Church that God desires; and explore how we should live out Our Calling, as we respond to the gospel of God's love in Christ through discipleship, worship and mission.

*"We love how these globally-focused worship resources explore how we can all choose to love God more and live that out by loving ourselves and our neighbours across the world better. Our heart is for the Church across the world to work together in growing towards God's purpose for us."*
