

Postcard from Bangladesh

Greetings from a chilly Bangladesh! At least it is chilly for us - but pretty insignificant to what many of you are experiencing. However, you wouldn't believe how cold 17 degrees in Dhaka can feel! We trust you had a very Happy Christmas and New Year. We had a great time with friends - even managed to acquire a turkey for Christmas dinner.

PRAISE

- We have found a place to live, and it is in the same apartment block - making moving so much easier! However the flat is being painted and cleaned so it will be mid to end January before we will move in. We are grateful that we are able to store furniture in a friends house and house sit in another, all in the same area while we wait.
- We had a lovely couple of days out of Dhaka with friends between Christmas and New Year.
- CBSDP has received confirmation of funding for 3 more years for the education work in the south of Bangladesh.

PRAY

- Continue to pray for the team working on the restructuring and development of CBSDP, especially as this will become more active in January.
- The changes in Church of Bangladesh includes the Diocesan offices and the Theological College moving this month. Pray for the staff involved and that it will all go smoothly.
- CBSDP intends to appoint a new director for CBSDP in January. Pray for those involved in this process, and that the right person can be found to lead CBSDP at this important time.
- David will travel out of Dhaka for a week to help local project staff develop a project proposal and give some training on how to complete progress reports. Pray this is successful.
