

Carbon Reduction Advocate or Equivalent

We see the key duties of the Carbon Reduction Advocate as¹:-

- a. Acting as an encouragement to Circuits which then encourage local Churches.
- b. Keeping Circuits abreast of new initiatives.
- c. Answering queries from churches and Circuits as they arise
- d. Making recommendations to the Circuit/District as to how it can reduce its own carbon footprint.
- f. Making an annual report to the Spring Synod.
- g. Pointing them in the right direction regarding useful contacts including in respect of available grants.

Anything else considered relevant.

Consideration is given to reimbursement of any expense incurred in carrying out agreed activities related to this role any expenses. Claims should be submitted to the relevant individual within the Circuit/District.

¹ Adopted from Northamptonshire District
