*Help is  
at hand...*

Part of the calling of the Methodist Church is to respond to the gospel of God's love in Christ and to live out its discipleship in worship and mission through evangelism, by making more followers of Jesus Christ.

The **Methodist** Church 

Many Methodists in Latin America and the Caribbean are part of growing churches. They have a heart and passion for mission and are regularly making new disciples of Christ. Their enthusiasm is catching as they live out evangelism daily, through worship, a passion for Jesus Christ and love for others.

Working with the Council of Evangelical Methodist Churches in Latin America and the Caribbean (CIEMAL), the Methodist Church in Britain is offering churches, circuits or districts the opportunity to learn from that growth and to try something different for their own evangelism and church growth.

CIEMAL is offering to send mission partners to Britain for a fixed three-year term appointment with a local church, circuit or district to:

- help enable evangelism
- work with local Methodists to develop evangelism activities
- develop and deliver an appropriate evangelism strategy.

The first partners under this scheme are looking to take up their posts in September 2019.

Further details about the scheme (including possible sources of funding) are available from Sandra Lopez in the World Church Relationships Office.
